Let's go!**

Are you ready for a break? Let's go! Cabo San Lucas is a quick non-stop flight from 22 different US cities, and we are waiting for you with trays of margaritas, ready to whisk you off to the Sea of Cortez.

The World's Aquarium

Hailed as the 'World's Aquarium' by legendary ocean explorer Jacques Cousteau, the Sea of Cortez has long enticed travelers seeking encounters with its extraordinary ocean wildlife.

Here you will find 12 different species of whales, friendly sea lions, pods of playful dolphins, giant friendly whale sharks, orcas, rays, turtles, and over 900 species of fish.

Your Floating, Luxury Base Camp

Let us craft a truly unique itinerary based on your interests, season, and budget. Choose from kayaking, paddle boarding, snorkeling, beach combing, hiking, biking, and bird watching on cactus studded islands. Perhaps you would like to try scuba diving, hone your photography skills or master kite surfing? Your knowledgeable boat captain and activities director will be at your call to facilitate the most unique and memorable experiences.

In the evening, stroll deserted white coral beaches, enjoy a sundowner on your private yacht and sample exquisite fine dining prepared by your gourmet chef. Think of our boats as your floating, self sustained, luxury base camp to explore the hidden wonders of the Sea of Cortez.
