# What is a 5-night Sea of Cortez get-away?

© Scott Davis

Jacques Cousteau called it the “Aquarium of the World.” We call the Sea of Cortez the perfect vacation where you can do as much or as little as you like. Including up to 4 dives a day, snorkelling, kayaking, paddleboarding, short hikes, or just plain relaxing on a beautiful beach. Combine all this with the warmth and Baja authenticity of our crew, and life becomes beautifully easy and relaxing.

Our 6-day 5-night get-away is an ocean safari into the generally calm waters of the Sea of Cortez, a marine adventure on the edge of the Sonoran desert. With 5 decades of experience running these trips, we have a “pretty good” idea of how to maximize your enjoyment while exploring this wonderful part of Mexico. Regular patrols with a spotter airplane is the icing on the cake.

- Huge pods of dolphins
- Super friendly sea lions
- Enormous schools of fish
- Mobula and cow nose rays
- 🐟 Hammerhead sharks
- 🐟 Orcas
- 🐟 Pilot whales
- 🐟 Great whales

# Before Leaving Home

## **We hope you are excited about your upcoming adventure with us!!**

You should definitely pack all the typical items for a shipboard vacation at sea in Mexico, like sunscreen, shorts, bathing suits, sunglasses, hats, windbreaker and sweater as it can be cooler at night. We are sometimes asked about seasickness and what works best. The Sea of Cortez is generally calm but it's best to be prepared and we say that you can't beat drugs and alcohol! By which we mean "the patch" (scopolamine) and a nice glass of wine! We also have "sea safe" sunscreen and body wash for our guests which helps us preserve the health and vibrance of the Sea of Cortez.

There is 24 hour AC power on your ship so don't worry about charging your phone, laptop and cameras or CPAP machine. For the safety of everybody onboard, we only allow unattended charging of lithium ion batteries in designated protected areas. You will have cell reception in some areas but no reception in other places. For a modest fee, you can get onboard satellite internet, which allows you to stay connected but it is much slower than shoreside due to the complex satellite connection. Streaming services such as Netflix won't be available, so it is best to pre-download all of your movies and shows!

We have a large supply of rental wetsuits, snorkelling gear and diving equipment. Please make sure that your pre-trip guest information is completed and submitted to us well in advance so that we can better take care of all of your needs. The majority of the information is optional, but some information—like your full name and passport information—is vital; otherwise the Mexican authorities will not allow you to board the ship. We are enthusiastic to provide vegetarian, vegan, lactose intolerant, gluten free and quasi-kosher/halal with at least several weeks notice. Keep in mind that you are embarking on an ocean adventure and not able to accommodate very specific unique dietary needs.

It's your job to please ensure that your dive gear is well-maintained and serviced and that you have replaced the batteries in your computer. It is a good idea to make sure that you, yourself, are well maintained and in decent physical condition before your trip. Of course, we accommodate and welcome everybody onboard. However, if going swimming would leave you exhausted and with chest pain, you should be careful about it

There is so much to see in the Sea of Cortez and we will be sure to have binoculars for you as well as our "eagle eyed" crew one critter lookout. We stock rental GoPros and housings at SeeCreatures as well as a selection of SD cards.

Please do **NOT** bring your own alcohol onboard. We don't allow that. We have a great selection of craft beer, wine, single malt scotches and more, and we are happy to look after special requests if you let us know ahead of time. We have a zero tolerance policy for narcotics and illegal drugs. Marijuana is not legal in Mexico.

The Sea of Cortez is a magical place and if you can read about it ahead of time, your experience will only be enhanced that much more. Our favourites:

# Flying into SJD, Cabo San Lucas

If you are arriving by airline, you will be landing at SJD international airport which is a 45 minute drive from our SeeCreatures base in Cabo San Lucas.

The flight attendants should give you a form to fill out if you are on an international flight. You will get a customs declaration and it's important to fill this out accurately.

You might be able to disembark via a jetway or sometimes by portable staircase and then walking across the airport ramp. Either way, if you are on an international flight you will end up going down a staircase into the international arrivals hall to clear immigration. Then on to the baggage hall to collect your luggage before clearing customs. The customs officer will ask you to press a button and you'll get either a green or red light. Green light means it's margarita time. Red light means you will have to open your suitcase for a customs inspection before you can enjoy your margarita. We highly recommend that after leaving customs, you walk straight through the next area past all the nice people trying to offer their assistance and keep going. They are all time share salespeople and the offer of a free sunset cruise and drinks won't seem so cheap after you have been talked into buying a time share. Your transfer company should have a representative waiting outside the arrivals hall with the name of their company on a sign board.

For our guests arriving on a domestic flight, you have it much easier. You will arrive at the old terminal building. Disembark. Collect your bags. Head to Cabo!

# Checking in if you are arriving in Cabo from SJD

**SeeCreatures - Cabo San Lucas**

Calle Miguel Hidalgo #10, Centro CSL. C.P. 23450, Cabo San Lucas, BCS

+52 624-143-6915

info@seecreaturesbaja.com

We recommend flying into SJD Los Cabo at least 1 day early to avoid any hassles with cancelled or delayed flights or lost luggage. Even better, it gives lots of time for a day trip to dive or snorkel Cabo Pulmo, a Gordo Bank diving adventure. or maybe a 2 tanker “let’s get wet” dive out of Cabo. Our concierges are on standby to assist with everything, including hotel, restaurant, and transfer recommendations. If you are arriving on the same day as your ship departure, we recommend going straight to SeeCreatures Cabo to check-in, drop off your luggage, and then enjoy the rest of your day.

Please be sure to be back at SeeCreatures Cabo by 4:30 pm at the latest for your complimentary transfer to La Paz, where your ship will be waiting for you.

# Flying into LAP, La Paz

La Paz is a beautiful city and the capital of Baja California Sur. The airport is small, modern, and easy to navigate. While there are few connecting flights from the United States, there are great connections from the rest of Mexico.

Upon arrival, you will be disembarking from the jet way, with a short walk across the ramp into the terminal. For domestic flights, all you have to do is pick up your luggage and walk outside and you're done. There are no timeshare salesman or aggressive solicitors to worry about.

If you've arranged a transfer with us, your driver will be waiting just outside the terminal, holding a sign with your name. Otherwise, it's completely fine to take a metred taxi into town.

Please check in upon arrival. Settle in and relax. Perhaps go for a walk, grab an ice cream cone, or enjoy a stroll along the malecon (boardwalk), which we highly recommend.

Please confirm with our concierge team the meeting point and time.

Our concierge team will be on standby to assist with arranging transfers and can recommend trusted local transfer companies. We also have preferred rates with some of our favorite local hotels. We're happy to either book accommodations for you or provide recommendations so you can book directly at the best available rates online.

# Boarding the Ship

Nautilus Gallant Lady out on a beautiful day

© TheMalibuArtist

**Please meet us back at SeeCreatures Cabo by 4:30 pm.** Most of our trips board in La Paz, though a small number of departures leave directly from Cabo. Either way, we will be ready to transfer everyone to your ship for boarding, champagne in hand, and a warm welcome from our crew. We will move your luggage to your stateroom so all you have to do is be ready to join cocktail hour as soon as your board! Once provisioning, cleaning, and any last-minute engineering tasks are complete, the ship will get underway for a lovely dinner and we will be on our way.

We will be sure to provide a safety orientation when you board with introductions, full safety briefing, and a practice fire and boat drill on the morning of day 2.

Nautilus is the only company in the world with a certified ISM safety management system. You can sleep easy knowing that our ships are operated, managed and audited to the same safety standards as the largest cruise ships in the world. ISM covers everything from fire protection to sprinkler systems to crew training and certification to operational and safety processes. Unfortunately, it also means that we are required to comply with ISPS protocols which include the requirement for us to search 15 - 20% of luggage brought onboard the ship. We apologize for the inconvenience and will be as tactful as possible.

# Sample Itinerary

## 6 Days / 5 Nights

Individual trips vary in length from 5 - 10 nights. Your captain will be focused on maximizing your onboard experience taking into account the vagaries of big animals, weather and mother ocean

### Pre- & Post-Trip Extensions

Maximize your Baja get-away with pre-trip extensions at SeeCreatures Cabo. Anything from a photo course to 2 tank dive, side trip to Cabo Pulmo, dive adventure to Gordo Banks and much more.

Contact Us

### Day 1 - Boarding Day!

We encourage you to take advantage of our complimentary photo imaging workshop at SeeCreatures on the morning of your departure. Our photo pros are experts at coaching you towards that perfect image. They will also have rental GoPros cameras available, along with additional coaching if you want to take one along on your adventure.

Please check into SeeCreatures Cabo by 4:30 pm latest for coach transfer to La Paz where our hosties will be waiting on the back deck for you with trays of margaritas and champagne.

Bonus option! Relaxing on the upper deck or maybe in our hot tub under the brilliant star filled Mexican sky. Most nights are calm with very little motion which makes this even more special.

### Days 2-5 - Adventuring the Sea of Cortez

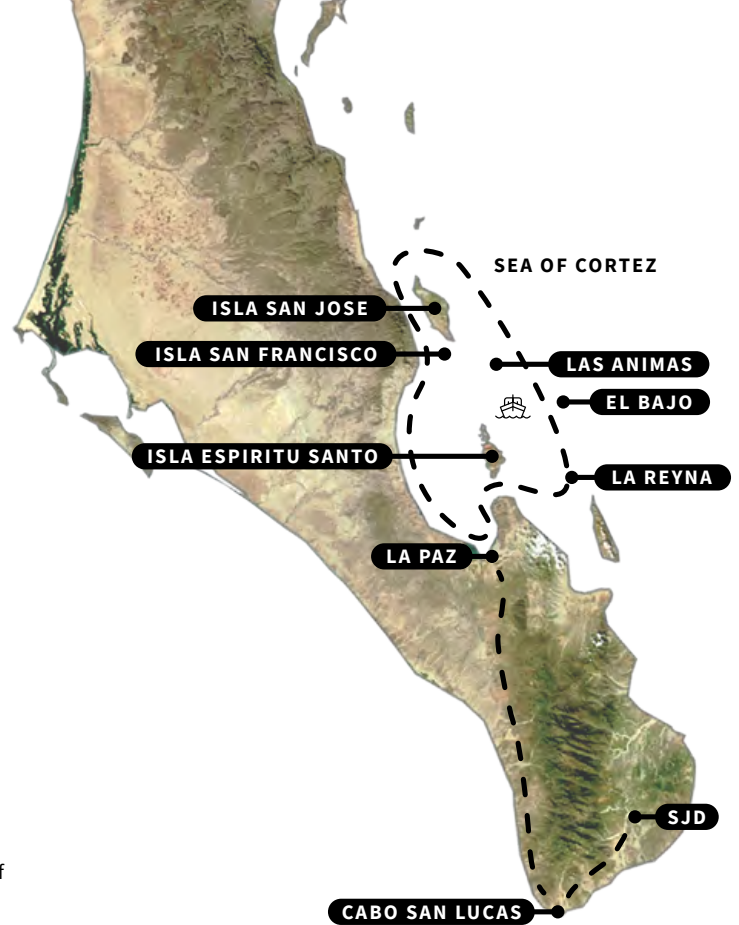

Everyday is different. Every trip is different. Mother ocean is always full of surprises and your captain and crew will do their very best to maximize your onboard experience taking into account our 5 decades of experience in the Sea of Cortez, recent animal sightings and weather!

Your first day at sea typically starts anchored off a quiet beach at Cerralvo Island for a warm-up dive and then over to the incredible tornadoes of fish at La Reyna. This is also our best chance of encountering giant manta rays in the entire Sea of Cortez. We encourage our non-diving guests to chat with our concierges at least a month before departure date to pre-arrange snorkelling, kayaking, paddleboarding, swimming coaching, or a complimentary discover scuba experience before their trip.

Where we go next will vary. We might have reports of a huge pod of dolphins or even orcas in which case we'll make full steam ahead to get you close or even in the water maintaining full respect for these animals. Interactions are always on their terms.

During your days at sea, we will almost certainly visit Isla Las Animas which boasts a large population of California sea lions and is a great spot for hammerhead sharks from June to November. It's a great snorkelling, kayaking and paddle board and swimming opportunity and chance for everyone else to go ashore. We are also certain to visit Isla La Reyna which is home to the vast schools of fish pictured on the cover of this booklet. It's also your single best opportunity to see manta rays in the entire Sea of Cortez.

We'll likely also spend time around the UNESCO World Heritage site of Espiritu Santo. One of our company founders was instrumental in saving this gorgeous island from commercial development as a casino and facilitated donating the land to the people of Mexico as a national park. Check out some wreck diving. Go ashore for beach time or hikes into the hills guided by our naturalist. Kayaking. Paddle boarding. Swimming or whatever you want. Whale watching and encounters are always on the agenda including a resident pod of giant finback whales. Divers will always have the option of 4 dives a day.

### Day 6 - Last Day and Going Home

Morning breakfast. Disembark at 8:30 am in La Paz and complimentary transfer back to either SeeCreatures Cabo San Lucas or SJD Airport.

Your last day is always sad for us. We hate to say good-bye. But wait, you don't have to say good-bye just yet. There is still time to head up to Cabo Pulmo with us for a one day adventure or take advantage of our special offer staying in a local hotel. Or for divers, this could be your chance to dive the famous pinnacles of Gordo Banks before you go home!

We're here to serve and do everything we can for you. Thank you for joining us.

## WHAT TO BRING

### What do I need to pack?

Personal toiletries. Dive gear (or travel light and use our rental gear). Summer wear, noting that nights will be cooler. It can be very hot in the desert this time of year. Sunscreen (reef-safe sunscreen will be available on board with our compliments), towels, bed linen, soap, and shampoo are provided on board.

### What wetsuit should I bring?

It depends on the season. Water temperatures are in the mid-80°F (26°C) range, with 100+ ft visibility. At the end of November, temperatures start cooling and visibility goes down. We recommend a 5mm wetsuit and a hooded vest is always a smart addition to your dive kit.

### What dive gear should I bring?

All the obvious stuff!! i.e. regulators, BCD, computer, mask, wetsuit (we recommend 5mm or 7mm wetsuits), booties and fins (high-quality rentals are available from See Creatures). The park authorities prohibit divers from carrying a knife. Every diver should have their own [Nautilus LifeLine](#) but we will loan you one of ours if you haven't bought yours yet!

### What kind of safety gear do you provide divers?

Nautilus LifeLines, DiveAlerts and SMB safety sausages.

### Can I bring my own alcohol onboard?

Sorry, but NO. We carry a great selection of signature drinks, single malts, microbrew beer and a varied wine list, all at very reasonable prices.

## TRAVEL DETAILS

### Do I need a passport?

Yes, and it must be valid six months from entry date.

### Do I need to obtain a visa ahead of time?

Only for a very limited number of countries. Please check the requirements for your country.

### Do I need insurance?

Guests are required to have medical evacuation insurance from a recognized provider before participating in any of our activities. [Click here](#) to purchase coverage. We highly recommend this provider because they are very dependable, reliable, and their policies are reasonably priced. Other providers may not offer the same level of reliability. We also highly recommend the optional purchase of trip interruption insurance, which covers everything from cancelled flights, weather-related delays, lost baggage, and reimbursement if another guest has a medical issue that affects your trip. If you decline coverage, please know that we do not issue credit refunds for anything that's beyond our immediate control.

### Do I need dive medical insurance?

YES. Dive and evacuation insurance is mandatory.

### What airport do I fly into?

SJD Los Cabos International for both commercial airlines and private aircraft. Or fly into airport of La Paz (LAP).

### When should I fly in?

We recommend always flying in at least one day early. There's lots to see and do in Baja, and we're always super happy to set you up with some pre-trip adventures. Also, Airlines can sometimes be unreliable, and arriving early provides a buffer in case of delays or lost baggage issues and so on. It is totally feasible to fly in on the start date of your trip if you prefer.

### How do I get from SJD into town?

Our concierge team will be on standby to assist with arranging transfers and can recommend trusted local transfer companies. Often, we can also coordinate pickups from LAP (La Paz airport). At present, however, we are not allowed to pick up from SJD (Los Cabos airport).

Driving time from SJD airport to town is about 45 minutes, while from LAP airport to town takes about 30 minutes.

### Can you recommend a local hotel?

We have great contract rates with some of our favourite local hotels. We are happy to either book accommodations for you or provide recommendations so that you can book directly with the best rates online.

**Phone:** +1 (604) 241-1918 - Please ask for our concierges.

**WhatsApp:** +52 (624) 129-9243

**Email:** [concierge@nautilusdive.com](mailto:concierge@nautilusdive.com)

## BEFORE DEPARTURE

### Where do we meet the boat?

Flying into La Paz? Please let our concierge team know you will be in La Paz. They will provide the meeting point and time.

Flying into Cabo? You're welcome to stop by SeeCreatures Cabo anytime. Please come by and say "hi". Please be at SeeCreatures by 4 PM on the departure date. We will be departing at 4:30 PM for your included transfer, it will be an approximate 2 hour 20 minute drive to La Paz.

### Can you help me get dive certified before the trip?

Yes. We specialize in introducing as many people to scuba diving as possible. We offer a full array of diving courses at SeeCreatures.

### Can I get nitrox certified?

Yes, we could do it. This is a one day course at SeeCreatures.

### Will I need to show my dive certification card before boarding?

YES.

### Will I get seasick on this trip?

The Sea of Cortez is generally very calm. For anyone worried about seasickness, we recommend prophylactic use of the scopolamine "patch" as an anti-seasickness medication. The patch has revolutionized the dive boat industry and made going to sea practical for almost everyone. You will most likely not get seasick using the patch.

## DON'T FORGET!

### What time do we arrive back in port?

Reminder that most Sea of Cortez trips board and return to La Paz with an included transfer to SeeCreatures Cabo San Lucas, or SJD Airport. We are usually back in port by 8 am. Disembarking by 8:30 am after breakfast. It's a 2 hour 30 minute transfer to SJD airport. For that reason we recommend booking your outward flight 2:00 pm or later.

### Do you have a storm policy?

We highly recommend trip interruption insurance, which will cover you in this unlikely eventuality.

### Can you accommodate special dietary requests?

Yes, with reasonable advance notice, we are pleased to accommodate vegetarian, vegan, lactose, intolerant, gluten, free, low sugar, quasi-kosher and quasi-halal. We are likely unable to accommodate other special dietary requests, or guests with severe allergic challenges.

### What IS NOT included in the trip price?

Bar, gift shop, high-speed Internet connection, rentals, nitrox, crew gratuities. A \$35 port fee must be paid on board in cash at the end of the trip.

## ABOUT DIVING

### How much experience do I need?

Your experience doesn't matter. If you're not certified, we can arrange a discover scuba experience. If you're an experienced and self-reliant diver, you're welcome to head off on days by yourself, and do your own thing if you wish, with the sole exception of diving in a national park where diving must be done with a guide. Our dive guides are always available for whoever wants to dive with us.

### How many dives will I do?

You will have the opportunity to do up to 4 dives a day on our trips from July to December. Spring trips are more about snorkelling and animal experiences with limited diving opportunities.

### Are the boats camera friendly?

YES, VERY! Our boats are well set up for photography. Ask us about rental cameras or professional photo services.

### Are you nitrox and rebreather friendly?

Yes! We started offering nitrox in 1996 when it was know as the devil gas. And we did our first rebreather diving in 2000. We have been super nitrox and rebreather friendly ever since.

## ADVENTURES OTHER THAN DIVING

Our ocean safaris are all about this fabulous inland sea and all the amazing animals, rich natural history, and sheer beauty of the place. We have been a diving company for more than 3 decades, so naturally, we know exactly how to cater and look after divers. But we have been an adventure travel company for even longer, and we love sharing that expertise whether it's kayaking, paddleboarding, snorkelling, short hikes, or beach walks.

We will keep you as busy as you want to be, while also being equally supportive of providing you with a quiet place to enjoy a good book and a cold glass of white wine.

# Excursion Risk

**We are excited to have you join us, but feel compelled to point out [some of the risks](#) involved in our adventures around Baja, Mexico and the surrounding ocean.**

We operate at the whim of Mother Nature. Our ships and camps have connectivity with shore operations, and we carefully monitor weather conditions while maintaining communication lines for urgent and emergency situations. Our ocean-going ships are equipped with satellite communication technology, full-time data links, internet at sea, and marine radios. We need you to be aware that there is always a risk of adverse weather, mechanical breakdown, errors, or mistakes made by our crew, medical evacuations, or other interruptions to your trip that are beyond our control.

Dealing with animals involves risk. Camping out in the desert involves risk. Going to sea involves risk. This is not Disneyland. We give careful guidance on peak seasons and our previous experiences with the animals. But there is no guarantee that you will see the animals you are hoping for; Mother Nature doesn't work that way. Guests and crew alike are susceptible to accidents, tripping and falling, sprains, or broken bones, strokes, heart attacks, or medical conditions such as appendicitis, pancreatitis, diabetic complications, heat or sun exhaustion, dehydration, severe infections, abscesses, or other emergency conditions.

Diving can be challenging and may not be suitable for less experienced divers. You must be a trained and certified scuba diver to dive with us unless you are enrolled in one of our training programs. Guests are responsible for their own dive safety. Our dive guides and instructors are primarily responsible for ensuring top-quality dives, critter pointing, and the best possible guest experience. You must have good buoyancy control. Our guides are not responsible for teaching primary dive skills or looking after guests who do not have basic buoyancy skills.

Aerial medevac is available at or close by most of our destinations. We require that all guests have insurance that covers emergency care in Mexico, including aerial medevac and hospital procedures. A medical evacuation flight might cost \$10,000, and local hospital charges could be in excess of \$20,000. You will have to arrange for payment upfront for these costs if you require evacuation or a hospital stay and your insurance won't cover the charges. 'Dive Assure' offers excellent coverage and is highly recommended. [Click here](#) to arrange coverage.

A sample [liability release and waiver can be viewed here](#) and requires your acceptance, agreement and signature when you visit SeeCreatures before boarding your ship.

We wish you an excellent trip, meet loads of animals and have a beautiful and safe experience.

# Our Responsibilities, Your Responsibilities

## Our Responsibilities

- To ensure your safety.
- To give you the best possible diving experience.
- To treat you with respect and consideration and to provide excellence in service onboard.
- To be responsive to special requests and needs.
- To plan each trip with respect to weather, sea conditions and animal behavior in order to maximize your diving experience.
- To keep our ships in top condition, clean and in good mechanical repair. Please note that each ship has many complex systems and it may be impossible to prevent some maintenance problems during your trip, despite our best efforts.

## Your Responsibilities

### 1. Animals

We love Mother Ocean! Unfortunately, sometimes guests will demonstrate unsafe or irresponsible behavior towards animals that impedes other guest's experiences and/or may cause harm to the animals. It is your responsibility to follow the crew's directions and recommendations with respect to interaction with the animals. In the unlikely event that an individual is impeding other guests and/or causing harm to the animals, the captain will speak to that person and give them a formal warning. If the guest continues the same behavior, the captain has the authority to hold that guest out of the water for the remainder of the trip.

### 2. Diving Safety

It is your responsibility to attend dive briefings and comply with the principles of safe recreational diving. Deco diving or deliberately "going blue" is not allowed. The captain has the right to revoke the diving privileges of anyone who is diving in an unsafe manner.

### 3. Alcohol

With over many years of operational experience running charters, we have learned the safest alcohol policy is to restrict guests from bringing their own alcohol on board. We provide a wide selection of beer, wine and alcohol from the ship's bar at reasonable prices. We are also happy to hold your duty-free purchases or local purchases of alcohol in bond in the ship's storage until the end of your trip.

### 4. Government Rules

You must comply with all Mexican government rules and regulations. Please note that government regulations and laws may change without notice. Our contract with you is subject to "force majeure" without compensation.

### 5. Marijuana

Marijuana is illegal in Mexico including medicinal prescription marijuana. We have a zero tolerance policy regarding guests bringing marijuana onboard.

### 6. Illegal Substances

We maintain a zero tolerance for illegal narcotics or substances on board. We're required under Mexican law to report any problems to the Mexican Federal Police.

### 7. Crew

Treating our crew and staff with courtesy and respect.

### 8. Getting Sick

We sincerely hope that you stay healthy and don't get sick during your trip. Please let the crew know if you are not feeling well so that we can give you extra love and attention and also do our best to prevent anyone else onboard from getting sick.

# A Note on Gratuities

© Scott Davis

I hope we have left you with the feeling that our crew has served you with warmth, good cheer, and has done their very best to ensure your safety and excellence in guest services. I am incredibly proud of our hardworking and dedicated staff.

Attitudes towards tipping vary around the world. In Mexico, it is considered disrespectful to the crew and staff to not leave a gratuity if the service is deserving. For your guidance, most guests leave a tip of US\$200 to \$275.

We greatly value your feedback about your experience with us, including anything we can improve on. I would really appreciate any comments or thoughts you might share. Simply click on **“Your Feedback”** on the boat Wi-Fi portal to share your thoughts.

On a personal note and as my thanks to you, I invite you to join our Last Minute Club, exclusively for repeat clients.
