Flying into SJD, Cabo San Lucas

If you are arriving by airline, you will be landing at SJD international airport which is a 45 minute drive from our SeeCreatures base in Cabo San Lucas.

The flight attendants should give you a form to fill out if you are on an international flight. You will get a customs declaration and it's important to fill this out accurately.

You might be able to disembark via a jetway or sometimes by portable staircase and then walking across the airport ramp. Either way, if you are on an international flight you will end up going down a staircase into the international arrivals hall to clear immigration. Then on to the baggage hall to collect your luggage before clearing customs. The customs officer will ask you to press a button and you'll get either a green or red light. Green light means it's margarita time. Red light means you will have to open your suitcase for a customs inspection before you can enjoy your margarita. We highly recommend that after leaving customs, you walk straight through the next area past all the nice people trying to offer their assistance and keep going. They are all time share salespeople and the offer of a free sunset cruise and drinks won't seem so cheap after you have been talked into buying a time share. Your transfer company should have a representative waiting outside the arrivals hall with the name of their company on a sign board.

For our guests arriving on a domestic flight, you have it much easier. You will arrive at the old terminal building. Disembark. Collect your bags. Head to Cabo!

We recommend flying into SJD Los Cabo at least 1 day early to avoid any hassles with cancelled or delayed flights or lost luggage. Our concierges are on standby to assist with everything, including hotel, restaurant, and transfer recommendations. If you are arriving on the same day as your ship departure, we recommend going straight to SeeCreatures Cabo to check-in, drop off your luggage, and then enjoy the rest of your day.

On your boarding day, please check-in at SeeCreatures Cabo by 7:00pm at the latest. Please be at SeeCreatures by 7:15pm for the mandatory safety video before boarding the your boat at 8:00pm.

Day 2

Today is a traveling and relaxing day at sea. It is a one day run out to the islands. An orientation briefing will be held in the morning, followed by a fire and boat safety drill. A drill? On holiday? Don't worry, it is for your safety but we will make it lots of fun. We are proud to have been the first, and some of the only, ISM safety certified passenger vessel dive boats in the world, the same safety certification as the largest cruise ships. We'll keep you as busy as you like on this sea day with Manta 101 in the afternoon, then you will have a chance to prep your gear, read a book, relax on the sun deck or check out the movie selection on our onboard wifi. We will be watching for the "green flash" at sunset, and while cocktail hour is officially at 7pm every evening, many of our guests enjoy some adult beverages well before that on sea days! We should arrive at San Benedicto Island that evening allowing you a calm night to relax and get a restful sleep before the next morning's excitement of diving with the friendliest giant mantas in the world.

© Daniel Versteeg

Days 3-7

Over five full dive days you will be able to experience some of our favourite sites such as El Canyon, the Boiler, Red Rocks, Roca Partida, Cabo Pearse, Punta Tosca and Roca Oneal. We know that many of our guests want the option of as many dives as possible and we strive to offer an average of four dives a day, other than the day that we do our mandatory check-in at the local navy base when you will likely have the option of three dives. When the weather is really good and the seas are calm, certain dive sites like Roca Partida might become crowded with three or four dive boats in which case park regulations restrict us to offering three dives maximum that day. We cater to divers of all experience levels with what we call “dive butler”. We will quickly zip self-reliant and highly experienced divers straight to the dive site when it opens. Encouraging our newer divers who would like to be with a dive guide from start to finish to take their time gearing up and splash 20-30 minutes later. Most divers are somewhere in the middle of this and we will shuttle them along with dive guides to the sites with our skiffs running back and forth like taxi cabs! Note that several dives may be quite challenging and not suitable for divers of lower experience levels. The number of dives on offer is subject to weather, the whims of Mother Ocean, and crowding by other diveboats.

We will have other stuff going on to keep you as busy as you like with kayaks and paddle boards, shoreline tours, humpback whale watching (January to April), manta ID in the late afternoon and after-dinner presentations. Of course, it's always your option to find a nice quiet place to relax with a book, have a nice snooze, or maybe have a splash in our sparkling clear hot tubs.

Day 8

We will likely get underway very early this morning for the voyage back to Cabo San Lucas. This is the perfect day to check out photos and videos with the new friends you made onboard, pack your dive gear up and take time to relax before reality sets back in. The islands, the mantas, the sharks and the dolphins are almost “other worldly” and we hope the magic stays with you for a long time.

Day 9

Always a sad time for us. It's time to say goodbye and disembark the boat in Cabo at 8:30am for either SJD airport or to SeeCreatures in Cabo San Lucas. It doesn't have to be goodbye for long, we hope to see you again very soon.

© David Serradell

What am I going to see?

The friendliest giant mantas in the world. Bottlenose dolphins that are almost as friendly. Up to ten species of sharks. Loads of fish. And in season you might see humpback whales, pilot whales, tuna or even false killer whales.

What to Bring

What do I need to pack?

Personal toiletries. Dive gear (or travel light and use our rental gear!) Summer wear, noting that nights can sometimes be chilly which makes a sweater or fleece jacket a good addition. Sunscreen (reef-safe sunscreen will be available onboard with our compliments). Towels and bed linen are provided onboard.

What dive gear should I bring?

All the obvious stuff!! i.e. regulators, BCD, computer, mask, wetsuit, booties and fins. The park authorities prohibit divers from carrying a knife. Every diver should have their own [Nautilus LifeLine](#) but we will loan you one of ours if you haven't bought yours yet!

What kind of safety gear do you provide divers?

Nautilus LifeLines, DiveAlerts and SMB safety sausages.

Can I bring my own alcohol onboard?

Sorry, but NO. We carry a great selection of signature drinks, single malts, microbrew beer and a varied wine list, all at very reasonable prices.

Don't Forget!

What time do we arrive back in port?

Usually by 8:30am. We recommend booking an outward flight after 11:30am. We can help arrange your outbound transfers.

Do you have a storm policy?

We highly recommend trip interruption insurance, which will cover you in this unlikely eventuality.

Can you accommodate special dietary requests?

YES - with reasonable advance notice, we are pleased to accommodate vegetarian, vegan, lactose intolerance, gluten-free, low sugar, quasi-kosher and quasi-halal. We are likely unable to accommodate more esoteric special dietary requests.

What is NOT included in the trip price?

Bar, gift shop, high-speed Internet connection, rentals, nitrox, crew gratuities. A \$35 port fee must be paid on board in cash at the end of the trip.

Travel Details

Do I need a passport and/or visa?

All guests must have a passport valid six months from entry. Visas are required from certain countries, please check your specific requirements online. All non-Mexican guests will require an FMM tourist visa.

Do I need insurance?

Guests are required to have medical and evacuation insurance from a recognized provider before participating in any of our activities. [Click here](#) to purchase coverage. The policies are very affordable. We also highly recommend the optional purchase of trip interruption insurance, which covers everything from cancelled flights, weather delays, and lost baggage, to reimbursement if another guest has a medical issue that affects your trip. If you decline coverage, please note that we do not issue credits or refunds for anything that is beyond our immediate control.

Do I need dive medical insurance?

YES. Dive and evacuation insurance is mandatory. We can assist you with purchasing this at check-in if you like.

What airport do I fly into?

SJD Los Cabos International for both commercial airlines and private aircraft.

When should I fly in?

We recommend always flying in at least one day early. There's lots to see and do in Baja, and we're always super happy to set you up with some pre-trip adventures. Also, Airlines can sometimes be unreliable, and arriving early provides a buffer in case of delays or lost baggage issues and so on. It is totally feasible to fly in on the start date of your trip if you prefer.

How do I get from SJD into town?

It's a 40 minute transfer from the airport to Cabo city centre and most of the hotels. We'd be happy to arrange your transfers on your behalf or provide recommendations for several good reliable transfer companies. Uber is not allowed to pick up at SJD.

For transfer booking, please email Martin at mmoreno@sealinecabotransfers.com

We also recommend Miguel from Fara Nuevo as an alternative option.

Email: mfc949@gmail.com

Phone: +52 (624) 141 6254

Can you recommend a local hotel?

We have great contract rates with some of our favourite local hotels. We are happy to either book accommodations for you or provide recommendations so that you can book directly with the best rates online.

Phone: +1 (604) 241-1918 - Please ask for our concierges.

Before Departure

Where do we meet the boat?

SeeCreatures, located directly across from the town square, two blocks from the marina and in the heart of the downtown restaurant and bar district. We want our place to be your home away from home! Please drop by when you get into town and we will get you kitted up with whatever you need. We offer a variety of pre-trip packages including two or three tank boat dives and side trips.

What time do we meet?

You are welcome to drop your bags off and check-in whenever it's most convenient, but we ask that you please check-in at SeeCreatures by 7pm latest. Please arrive back to SeeCreatures by 7:15pm for the mandatory safety video before boarding the boat at 8pm.

Can you help me get dive certified before the trip?

YES. We offer a full array of dive courses at SeeCreatures.

Can I get nitrox certified?

YES, at SeeCreatures.

Will I need to show my dive certification card before boarding?

YES.

Will I get seasick on this trip?

MAYBE!! Ok, we are joking a wee bit. We recommend prophylactic use of the scopolamine "patch" as an anti-seasickness medication. The patch has revolutionized the dive boat business and made going to sea practical for almost everyone. You will most likely not get seasick using the patch. The seas on the crossing - and out at Roca Partida dive site - are sometimes flat calm, while other times - maybe once in ten trips - the seas are rough. All of our ships are stabilized and the motion is comfortable - especially if you are using the patch - on the majority of days.

About Diving

How much experience do I need?

All are welcome. Our roots are in the cold, current-swept waters of BC and Alaska and we have always catered to experienced self-reliant divers looking for complete freedom on their dives. These divers are usually first in the water. We love buddying up with new divers looking for the reassurance of being with a dive guide from the time they start gearing up until they are back on the big boat. Most divers are somewhere mid-spectrum between these two groups and we make sure they are very well looked after as well! Note that several dives may be quite challenging and not suitable for divers of lower experience levels.

Is the diving from the big boat or skiffs?

Usually from our skiffs. We employ our multiple skiffs as "taxis" so that we can pick up divers when they surface and whisk them back to the big boat instead of waiting in the hot sun for everyone else to surface.

How many dives will I do?

Over five full dive days you will be able to experience some of our favourite sites such as El Canyon, the Boiler, Red Rocks, Roca Partida, Cabo Pearse, Punta Tosca and Roca Oneal. We know that many of our guests want the option of as many dives as possible and we strive to offer an average of four dives a day other than the day that we do our mandatory check in at the local navy base when you will likely have the option of three dives. Note that weather conditions, Mother Ocean or crowding by some of our competitors may limit some diving.

Are the boats camera friendly?

YES, VERY! Ask about rental cameras and photo pro services.

Are you rebreather friendly?

YES, VERY!

Can I do deco dives?

Sorry, no. Park rules have changed and deco diving is no longer permitted.

Can I do trimix diving?

We can arrange the supply of helium T bottles as long as you are comfortable doing your own blending.

Where is the closest decompression chamber?

There is a navy chamber on Socorro Island and civilian chambers in Cabo San Lucas.

What happens if I need a medevac flight?

We can arrange the flight for you. There is a 5000-foot navy airstrip on Socorro Island. A single flight costs a minimum of US\$10,000 and if you don't have adequate insurance, you will need to arrange for pre-payment of the flight.

Do you have an AED and medical kit onboard?

OF COURSE! All of our crew are trained in first aid and a number of our crew are trained first responders.

Excursion Risk

We are excited to have you join us, but feel compelled to point out [some of the risks](#) involved in our adventures around Baja, Mexico and the surrounding ocean.

We operate at the whim of Mother Nature. Our ships and camps have connectivity with shore operations, and we carefully monitor weather conditions while maintaining communication lines for urgent and emergency situations. Our ocean-going ships are equipped with satellite communication technology, full-time data links, internet at sea, and marine radios. We need you to be aware that there is always a risk of adverse weather, mechanical breakdown, errors, or mistakes made by our crew, medical evacuations, or other interruptions to your trip that are beyond our control.

Dealing with animals involves risk. Camping out in the desert involves risk. Going to sea involves risk. This is not Disneyland. We give careful guidance on peak seasons and our previous experiences with the animals. But there is no guarantee that you will see the animals you are hoping for; Mother Nature doesn't work that way. Guests and crew alike are susceptible to accidents, tripping and falling, sprains, or broken bones, strokes, heart attacks, or medical conditions such as appendicitis, pancreatitis, diabetic complications, heat or sun exhaustion, dehydration, severe infections, abscesses, or other emergency conditions.

Diving can be challenging and may not be suitable for less experienced divers. You must be a trained and certified scuba diver to dive with us unless you are enrolled in one of our training programs. Guests are responsible for their own dive safety. Our dive guides and instructors are primarily responsible for ensuring top-quality dives, critter pointing, and the best possible guest experience. You must have good buoyancy control. Our guides are not responsible for teaching primary dive skills or looking after guests who do not have basic buoyancy skills.

Aerial medevac is available at or close by most of our destinations. We require that all guests have insurance that covers emergency care in Mexico, including aerial medevac and hospital procedures. A medical evacuation flight might cost \$10,000, and local hospital charges could be in excess of \$20,000. You will have to arrange for payment upfront for these costs if you require evacuation or a hospital stay and your insurance won't cover the charges. 'Dive Assure' offers excellent coverage and is highly recommended. [Click here](#) to arrange coverage.

A sample [liability release and waiver can be viewed here](#) and requires your acceptance, agreement and signature when you visit SeeCreatures before boarding your ship.

We wish you an excellent trip, meet loads of animals and have a beautiful and safe experience.

Our Responsibilities, Your Responsibilities

Our Responsibilities

- To ensure your safety.
- To give you the best possible diving experience.
- To treat you with respect and consideration and to provide excellence in service onboard.
- To be responsive to special requests and needs.
- To plan each trip with respect to weather, sea conditions and animal behavior in order to maximize your diving experience.
- To keep our ships in top condition, clean and in good mechanical repair. Please note that each ship has many complex systems and it may be impossible to prevent some maintenance problems during your trip, despite our best efforts.

Your Responsibilities

1. Animals

We love Mother Ocean! Unfortunately, sometimes guests will demonstrate unsafe or irresponsible behavior towards animals that impedes other guest's experiences and/or may cause harm to the animals. It is your responsibility to follow the crew's directions and recommendations with respect to interaction with the animals. In the unlikely event that an individual is impeding other guests and/or causing harm to the animals, the captain will speak to that person and give them a formal warning. If the guest continues the same behavior, the captain has the authority to hold that guest out of the water for the remainder of the trip.

2. Diving Safety

It is your responsibility to attend dive briefings and comply with the principles of safe recreational diving. Deco diving or deliberately "going blue" is not allowed at Socorro. The government of Mexico has set a maximum depth restriction of 133'. The captain has the right to revoke the diving privileges of anyone who is diving in an unsafe manner.

3. Alcohol

With almost 30 years of operational experience running dive charters, we have learned the safest alcohol policy is to restrict guests from bringing their own alcohol on board. We provide a wide selection of beer, wine and alcohol from the ship's bar at reasonable prices. We are also happy to hold your duty-free purchases or local purchases of alcohol in bond in the ship's storage until the end of your trip.

4. Government Rules

You must comply with all Mexican government rules and regulations. Please note that government regulations and laws may change without notice. Our contract with you is subject to "force majeure" without compensation.

5. Marijuana

Marijuana is illegal in Mexico including medicinal prescription marijuana. We have a zero tolerance policy regarding guests bringing marijuana onboard.

6. Illegal Substances

We maintain a zero tolerance for illegal narcotics or substances on board. We're required under Mexican law to report any problems to the Mexican Federal Police.

7. Crew

Treating our crew and staff with courtesy and respect.

8. Getting Sick

We sincerely hope that you stay healthy and don't get sick during your trip. Please let the crew know if you are not feeling well so that we can give you extra love and attention and also do our best to prevent anyone else onboard from getting sick.

A Note on Gratuities

© Scott Davis

I hope we have left you with the feeling that our crew has served you with warmth, good cheer, and has done their very best to ensure your safety and excellence in guest services. I am incredibly proud of our hardworking and dedicated staff.

Attitudes towards tipping vary around the world. In Mexico, it is considered disrespectful to the crew and staff to not leave a gratuity if the service is deserving. For your guidance, most guests leave a tip of US\$275 to \$400.

We greatly value your feedback about your experience with us, including anything we can improve on. I would really appreciate any comments or thoughts you might share. Simply click on **“Your Feedback”** on the boat Wi-Fi portal to share your thoughts.

On a personal note and as my thanks to you, I invite you to join our Last Minute Club, exclusively for repeat clients. Members receive incredible savings of up to 75% on last-minute adventures, offered 3 or 4 times a year. If you love awesome deals, simply click on **“Last Minute”** on the boat Wi-Fi portal to sign up.

Thank you very much for trusting us with your vacation!

Sincerely,

A handwritten signature in black ink that reads "M. Lever".

Proprietor, Nautilus Adventure
