What is an ocean safari + glamping on San José?

© Allie Vautin

Combine ocean safaris, scuba diving & island downtime.

The best of both worlds: guided ocean safaris and snorkeling or scuba diving pristine sites, all depending on what the marine life is doing. Our 48-ft fast boat, with open-air dive deck and direct water access, handles both seamlessly.

Fall delivers peak scuba diving and snorkeling conditions: warm water, fantastic visibility, and calm seas, ideal for underwater photography, with shallow sites, great light, and subjects ranging from big animals to the tiniest macro life. Keen divers can log three or four dives a day, typically two in the morning and more in the afternoon, plus night dives right off the beach, with the rotation always set by conditions.

Possible wildlife sightings:

- Huge swirling schools of fish
- Hammerhead sharks
- Mega pods of dolphins
- California sea lions
- Nudibranchs, blennies, seahorses
- Moray eels, turtles, octopuses
- First humpback whales (from November)
- Migratory and resident birds

Activities include:

- Scuba diving
- Ocean safaris
- Snorkeling & freediving
- Kayaking
- Paddleboarding
- Nature walks
- Marine life presentations
- Massages
(one complimentary massage per guest; extra massages available for a fee).

Before Leaving Home

We hope you are excited about your upcoming adventure with us!!

You should definitely pack all the typical items for a Mexican vacation, like sunscreen, shorts, bathing suits, sunglasses, hats, windbreaker, and sweater as it can be cooler at night. We are sometimes asked about seasickness and what works best. The Sea of Cortez is generally calm but it's best to be prepared and we say that you can't beat drugs and alcohol! By which we mean "the patch" (scopolamine) and a nice glass of wine! We also have "sea safe" sunscreen and body wash for our guests which helps us preserve the health and vibrance of the Sea of Cortez.

We are not allowed to use generators on the islands, so lights and charging stations are solar powered. 24-hour power, and household electrical power are always available on the mothership. CPAP machines in camp can be specially accommodated with advance notice. Cell reception can be spotty. For a modest fee, you can get StarLink internet, which allows you to stay connected but it is much slower than shoreside due to the complex satellite connection. Streaming services such as Netflix won't be available, so it is best to pre-download all of your movies and shows!

We have a large supply of rental wetsuits, snorkelling gear, and diving equipment. **Please make sure that your pre-trip guest information is completed and submitted to us well in advance so that we can better take care of all of your needs.** The majority of the information is optional, but some information, like your full name and passport information is vital, otherwise the Mexican authorities will not allow you to join us. We are enthusiastic to provide vegetarian, vegan, lactose intolerant, gluten free and quasi-kosher/halal with at least several weeks notice. Keep in mind that you are embarking on an ocean adventure and remote island glamping, so we may not be able to accommodate very specific unique dietary needs.

It is a good idea to make sure that you, yourself, are well maintained and in decent physical condition before your trip. Of course, we accommodate and welcome everybody. However, if going swimming would leave you exhausted and with chest pain, you should be careful about it

There is so much to see in the Sea of Cortez and we will be sure to have binoculars for you as well as our “eagle eyed” crew one critter lookout. We stock rental GoPros and housings at SeeCreatures as well as a selection of SD cards.

Please do **NOT** bring your own alcohol. We don't allow that. We have a great selection of craft beer, wine, single malt scotches and more, and we are happy to look after special requests if you let us know ahead of time. We have a zero tolerance policy for narcotics and illegal drugs. Marijuana is not legal in Mexico.

The Sea of Cortez is a magical place and if you can read about it ahead of time, your experience will only be enhanced that much more. Our favourites:

ASIN. B009217FIQ.

*The log from the Sea of Cortez
by John Steinbeck*

The classic!!! And the book that drew us to Mexico in the first place.

ISBN 0-9628725-5

*Probably More Than You Want to Know about
the Fishes of the Pacific Coast
by Milton Love*

It's a hilarious good read.

ISBN 0-930118-41-3

*Whales of the West Coast
by David A.E. Spalding*

Have you wondered how to tell a blue and finback whale apart?

ISBN 0-930118-26-X

*Sea of Cortez Marine Animals
by our friend and guest, Daniel Gotshall*

This is our bible to the Sea of Cortez.

ISBN 1-55017-199-2

*Sea of Cortez Marine Invertebrates
by Alex Kerstitch and Hans Bertsch*

This will open your eyes to all the little critters.

Flying into SJD, Cabo San Lucas

If you are arriving by airline, you will be landing at SJD international airport which is a 45 minute drive from our SeeCreatures base in Cabo San Lucas.

The flight attendants should give you a form to fill out if you are on an international flight. You will get a customs declaration and it's important to fill this out accurately.

You might be able to disembark via a jetway or sometimes by portable staircase and then walking across the airport ramp. Either way, if you are on an international flight you will end up going down a staircase into the international arrivals hall to clear immigration. Then on to the baggage hall to collect your luggage before clearing customs. The customs officer will ask you to press a button and you'll get either a green or red light. Green light means it's margarita time. Red light means you will have to open your suitcase for a customs inspection before you can enjoy your margarita. We highly recommend that after leaving customs, you walk straight through the next area past all the nice people trying to offer their assistance and keep going. They are all time share salespeople and the offer of a free sunset cruise and drinks won't seem so cheap after you have been talked into buying a time share. Your transfer company should have a representative waiting outside the arrivals hall with the name of their company on a sign board.

For our guests arriving on a domestic flight, you have it much easier. You will arrive at the old terminal building. Disembark. Collect your bags. Head to Cabo!

Checking in if you are arriving in Cabo from SJD

SeeCreatures - Cabo San Lucas

Calle Miguel Hidalgo #10, Centro CSL. C.P. 23450, Cabo San Lucas, BCS

+52 624-143-6915

info@seecreaturesbaja.com

We recommend flying into SJD Los Cabo at least 1 day early to avoid any hassles with cancelled or delayed flights or lost luggage. Even better, it gives lots of time for a day trip to dive or snorkel Cabo Pulmo, a Gordo Bank diving adventure. or maybe a 2 tanker "let's get wet" dive out of Cabo. Our concierges are on standby to assist with everything, including hotel, restaurant, and transfer recommendations. If you are arriving on the same day as your trip date, we recommend going straight to SeeCreatures Cabo to check-in, drop off your luggage, and then enjoy the rest of your day.

Please drop by SeeCreatures anytime, checking in at 4:00 PM the latest. We have transfers arranged at 04:30 PM to La Paz (approximately a 2.5-hour drive). Please allow ample time beforehand for check-in and fitting any rental gear.

Flying into LAP, La Paz

© Amar Preciado

La Paz is a beautiful city and the capital of Baja California Sur. The airport is small, modern, and easy to navigate. While there are few connecting flights from the United States, there are great connections from the rest of Mexico.

Upon arrival, you will be disembarking from the jet way, with a short walk across the ramp into the terminal. For domestic flights, all you have to do is pick up your luggage and walk outside and you're done. There are no timeshare salesman or aggressive solicitors to worry about.

If you've arranged a transfer with us, your driver will be waiting just outside the terminal, holding a sign with your name. Otherwise, it's completely fine to take a metred taxi into town or to your hotel.

PLEASE contact us for your specific hotel details.

Please note: Check-in at the La Paz hotel will begin at 6:30 PM. We will have a reservation and prepaid room for you. Settle in and relax. Perhaps go for a walk, grab an ice cream cone, or enjoy a stroll along the malecon (boardwalk), which we highly recommend.

We will meet later for drinks, dinner, and an evening presentation by your naturalist.

Sample Itinerary

5 Days / 4 Nights

Day 1 – Arrival in Baja California Sur

Fly into either **Los Cabos (SJD)** or **La Paz (LAP)**. Guests arriving in Los Cabos meet at SeeCreatures Cabo for a complimentary transfer to La Paz. If you're flying into La Paz directly, we can either pick you up from your hotel or you can meet us directly at Baja Expeditions HQ in La Paz.

Your adventure begins with welcome drinks, meeting your naturalist and fellow adventurers, and dinner, followed by an overnight stay at your hotel*, where we'll run through the days ahead and all the activities to come.

***Please contact our concierge team for your specific hotel you will be staying at. Note: check-in at the La Paz hotel will begin at 6:30 PM.**

Day 2 – North to Camp, Diving en Route

Depart the hotel at 7:00 AM and board your 48-ft fast boat for breakfast underway — and keep your eyes on the horizon: the run north is a true ocean safari, with dolphins, sea lions, and the chance of whales along the way. We stop at Espiritu Santo for our divers, snorkelers, and kayakers — at sites such as Swanee Reef and the wreck of the Salvatierra — before a late-afternoon arrival at camp on Isla San Jose, where your hosts are waiting on the beach with cold drinks and big smiles. Cocktail hour, dinner on the beach, and an evening presentation by our naturalists — then stargazing under the Mexican sky, or jump back in the water for an evening snorkel or night dive.

Day 3 – Las Animas & the Island

Two morning dives at Las Animas — seldom-visited, always excellent, some of the very best diving in the Sea of Cortez, and just a short run from camp. Kayakers may choose to stay behind and explore San Jose's incredible landscape instead. Back to camp for lunch, then an open afternoon: more diving for the keen, or snorkeling, kayaking, paddleboarding, a hike, a massage, or rest on the beach. Bartender-prepared drinks at the beach bar, then dinner and an evening presentation under the stars.

Day 4 – Las Animas & Local Diving

A full day on the water based from camp. Morning dives at Las Animas or a nearby site, with the afternoon open for more diving — keen divers can log three or four dives today — or island activities, plus the chance of another night dive off camp. Evening back at the beach bar.

Day 5 – Dive South & Return to La Paz

We break camp after breakfast and dive our way back south toward La Paz, with stops at the pinnacles off Isla San Francisco and — weather permitting — El Bajo, the legendary hammerhead seamount at the peak of its fall season. We arrive into La Paz around 6:00 PM, with a complimentary onward transfer to SeeCreatures Cabo, or we can assist with booking a La Paz hotel and arranging more amazing Baja activities.

Photos by © Allie Vautin

GETTING HERE

What airport do I fly into?

Los Cabos International Airport (San José del Cabo Airport – SJD) is well connected with flights from 15 US cities, most of Mexico, and some direct overseas routes. It's just a 45-minute drive from **SeeCreatures Cabo**, our sister company in downtown Cabo San Lucas, where you can check in before the complimentary transfer to La Paz (approximately 2 hour 30 minute drive) to start your adventure.

La Paz International Airport (LAP) has direct flights from Los Angeles, plus a handful of domestic hubs. Flying to LAP is the most direct route into La Paz if you'd rather skip the Cabo transfer. It's about a 20-minute drive from our

Baja Expeditions HQ, where you can check in before the complimentary transfer to start your adventure.

When should I fly in?

We recommend flying in at least one day early, as a buffer against flight delays or lost luggage. It also leaves time for a pre-trip dive at Cabo San Lucas, Cabo Pulmo, or Gordo Banks, or any other pre-trip adventures around Baja. That said, it's totally feasible to fly in on the start date of your trip if you prefer.

How do I get from the airport to town?

Our concierge team can help arrange transfers or recommend reliable local companies. We can often coordinate pickups from La Paz (LAP), but we're not currently allowed to pick up at San José del Cabo (SJD). Note that Uber is not permitted to pick up at SJD either.

What hotel will I be staying in?

Please contact our concierge team to find out what hotel you will be staying at. We are using different hotels depending on the trip dates, we want to provide you with the correct check-in location.

Phone: +1 (604) 241-1918 - Please ask for our concierges.

WhatsApp: +52 (624) 129-9243

Email: concierge@nautilusdive.com

INSURANCE & DOCUMENTS

Do I need a passport or visa?

All guests traveling from abroad must have a passport valid six months from entry. All non-Mexican guests will need an FMM, Mexico's entry permit. Visas are required from certain countries, please check your specific requirements online.

Is insurance required?

Yes. We require all guests to have medical and evacuation insurance. Divers are required to have divers' insurance. We highly recommend **DiveAssure** for all your needs, diving or nondiving.

In addition, we highly recommend the purchase of trip insurance interruption insurance from DiveAssure (*some other providers have provided insufficient coverage to previous clients*). This gives you peace of mind and financial security in case of named weather events, cancelled flights, medical issues whether your own or other guests, lost bags and much more. If you decline coverage, please note that we do not issue credits or refunds for anything that is beyond our immediate control.

WHAT TO BRING

What do I need to pack?

Sunglasses, a hat, and summer wear well suited for a relaxing time at sea and on the beach — plus a sweater or fleece for the evenings. Reef-safe sunscreen, linen, towels, soap, and shampoo are all included with your trip. The sun can be strong out on the water, with reflection off the surface adding to it, so good sun protection is well worth packing.

What wetsuit do I need?

A 3 mm wetsuit is usually more than enough. If you get cold easily, we recommend packing a hooded vest for extra layering.

What snorkeling equipment do I need?

A mask, snorkel, wetsuit/hood, and fins — freediving fins are ideal, but regular fins work fine. Snorkeling equipment rental is included, but you're also welcome to bring your own, since familiar gear tends to be the comfiest in the water. Please note that kids' sizes are limited, so we ask for at least 30 days' notice on children's wetsuits to make sure we have the right size ready for you.

What dive equipment do I need?

The usual full scuba gear — regulator, BCD, dive computer, mask, wetsuit, booties, and fins — which you can bring yourself or rent from SeeCreatures.

What safety gear is provided?

Nautilus LifeLines, DiveAlerts, and SMB safety sausages are loaned free to all guests.

TRIP BASICS

What is the minimum age for this trip?

12 years old. Please note that all under-18s need to be accompanied by a parent or guardian.

Can I join if I don't scuba dive?

Yes. This camp is truly multi-activity: snorkelers, freedivers, kayakers, and paddleboarders are very welcome. Much of the wildlife, the sea lions especially, is wonderful from the shallows — and fall brings excellent visibility, light winds, and super-warm water, making it prime time for paddling and exploring.

If I'd like to scuba dive during this trip, what certification do I need?

All experience levels are welcome, but the minimum requirement is Open Water Diver certification with good buoyancy control.

Will I need to show my dive certification card?

Yes, you'll need to show proof of certification, either a physical card or a digital one.

Can I get certified or take a course before the trip?

Yes, our sister company SeeCreatures in Cabo San Lucas offers a full range of dive courses. Please reach out to us for more information and special pricing for our guests.

OCEAN SAFARIS AND DIVING

What to expect during the diving and ocean safaris?

The Sea of Cortez is big, so the diving is wild and conditions-led. We pick sites by weather and what the ocean is doing, and our dive guides and captains make the call on each dive. Some days deliver sea lions, schooling fish, and big water in a single morning — and whales, orcas, or hammerheads can turn up on any crossing. Other days are quieter. That's the nature of wild ocean — no feeding schedules, no guarantees, just real encounters when they happen.

How much time will I spend in the water?

Most of your day will be spent in and around the Sea of Cortez — scuba diving, snorkeling, freediving, kayaking, paddleboarding, and exploring the reefs and marine life. Each outing is flexible; you can participate as much or as little as you like.

How many dives can I do?

Across four days on the water, keen divers can typically log three or four dives a day — two each morning, plus optional afternoon dives and a couple of night dives right off camp. As always in the wild Sea of Cortez, the exact rotation is set by conditions.

What are the conditions like?

Fall brings fantastic conditions. Water temperatures run roughly high 70s to low 80s°F (25–28°C), with up to 100 ft (30 m) visibility.

Is Nitrox available?

No, Nitrox is not available on this trip.

HEALTH & SAFETY

Will I get seasick?

The Sea of Cortez is generally very calm. A scopolamine patch is recommended for anyone prone to seasickness.

Where's the nearest decompression chamber?

The closest hyperbaric chambers are located in La Paz and Cabo San Lucas.

What if there's an emergency?

All crew are first-aid trained, most captains and mates and some dive guides and naturalists are trained first responders. Camp is stocked with an AED, emergency oxygen, and an extensive first-aid kit. A contracted medical officer is reachable through our satellite communication system, and if medical evacuation is needed, it's arranged by boat transfer to shore or, where available, aerial medevac.

CAMP LIFE

Can you accommodate dietary restrictions?

Yes, with at least 30 days advance notice — vegetarian, vegan, lactose-free, gluten-free, low-sugar, and quasi-kosher/quasi-halal can be accommodated. More unusual requests may not be possible.

Can I charge my phone, laptop, and other devices?

Charging in camp is solar-powered, since generators aren't permitted on the island due to biosphere reserve regulations. For 24-hour power and standard household electrical outlets, head to the mothership, anchored just offshore, where you can charge phones, laptops, e-readers, and cameras. CPAPs can be accommodated in camp with advance notice. Our vessels use standard North American outlets (110V AC), so if you're coming from outside the US, bring a travel adapter. For everyone's safety, unattended charging of lithium-ion batteries is only allowed in designated areas.

Is there internet access?

Starlink internet is available for an additional fee for the whole trip. It runs on a satellite connection, so it's great for staying in touch — emails and apps like WhatsApp work well — but not for streaming sites like Netflix or YouTube. Best to pre-download any movies or shows before you travel.

Can I shower every day?

Yes, unlimited hot showers are available on our mothership, anchored just offshore, a short boat ride away. In camp, showers are shared, camp-style setups with more limited water, so we ask everyone to be mindful of water usage.

Will there be mosquitoes or bugs?

We schedule these trips for late October and November on purpose, the window after the summer rains, when steady fall breezes keep biting insects to a minimum. Insect repellent is still a good idea, and it's also wise to keep an eye out for other critters we share this remote, unspoiled island with.

DON'T FORGET!

What time do we arrive back to La Paz?

We will return to La Paz around 6:00 PM. From there, choose an included transfer to a local hotel (*we're happy to arrange hotel reservations for you*) or a transfer to either San José del Cabo Airport (SJD) or SeeCreatures in Cabo San Lucas. We highly recommend booking your outbound flight from SJD at 10 PM or later, to allow for transfer time and any possible delays on the highway to Cabo.

Do you have a storm policy?

We highly recommend trip interruption insurance, which will cover you in this unlikely eventuality.

What IS NOT included in the trip price?

Bar, gift shop, high-speed Internet, rentals, nitrox, crew gratuities. A \$35 port fee must be paid on board in cash at the end of the trip.

Glamping and luxury camps, small ships, expedition yachts, sailing catamaran, 27 boats, and 215 dedicated staff. All focused on creating extraordinary Baja adventures, from whale encounters and ocean safaris to family adventures and the epic Mexico Sardine Run.

San Ignacio Gray Whale Watching

Season
Mid-Jan - Early-Apr

Duration
4 to 6 day trips

The most extraordinary gray whale encounters on the planet. Private fly-in glamping in luxury camping in a UNESCO protected reserve.

[More info...](#)

San Ignacio Gray Whales + Swim With Whale Sharks

Season
Mid-Jan - Early-Apr

Duration
8 Days, 7 Nights

Take advantage of 2 seasons overlapping, swim with whale sharks near La Paz, then fly to San Ignacio Lagoon for the most intimate gray whale encounters on Earth.

[More info...](#)

Baja Ultimate Whales

Season
Mid-Jan - Early-Apr

Duration
8 to 10 day trips

The full whale migration – humpbacks in Cabo, an expedition through the Sea of Cortez for blue and fin whales, then a private fly-in to San Ignacio's gray whales.

[More info...](#)

Ocean Safari + Island Glamping in the Sea of Cortez

Season
Spring & Fall

Duration
5 Days, 4 Nights

The Sea of Cortez as most people never see it, orcas, mobula rays, ocean safaris, and zero-footprint glamping on Jacques Cousteau Island. Ocean safaris and pop-up glamping on beautiful deserted beaches on uninhabited islands in the UNESCO National Park. Ask about expedition yacht or sailing options!

DE C.V (collectively the “Company”) and its employees, directors, officers, agents and contractors (collectively the “Operators”) from any and all liability, including but not limited to liability arising from the negligence (including gross negligence) or fault of the Operators or any of them for personal injury or death, property loss or damage or any other claims of any kind which may occur to me during or in connection with the Excursion and/or the use or misuse of any equipment, vessels or vehicles.

I agree that all agreements made between the Operators and myself (including this Waiver) shall be governed by the laws of British Columbia, Canada and the courts of British Columbia shall have exclusive jurisdiction over any matter relating to the said agreements or this Waiver.

I agree that this Waiver shall be binding upon my heirs, executors, administrators, successors, assigns and my estate and I agree that in the event that a claim is made against the Operators or any one of them in respect of any cause of action relating to me, I will indemnify the Operator(s) for their losses, damage and expenses arising from such claim.

I confirm that I have both read and fully understood the description of the risks involved in participating in the Excursion as set forth in the Company’s disclosure information entitled “DIVING EXCURSION RISKS” published on the Company website (<https://nautilusliveboards.com/diving-excursion-risks/>) and in the pre-trip information package provided to me.

I also confirm that I:

- (a) am physically fit; without any health related reasons that would otherwise preclude my;
- (b) have had sufficient instruction, preparation and/or training for; and
- (c) have not been advised by any medical professional to avoid participation in the excursion.

Finally, I confirm that I read and fully understood this Waiver before signing and, that I had the opportunity to do so before making any commitment of whatsoever kind or nature to the Company.

Please note that you will be required to sign this waiver form upon arrival.

Our Responsibilities, Your Responsibilities

Our Responsibilities

- To ensure your safety.
- To give you the best possible experience.
- To treat you with respect and consideration and to provide excellence in service.
- To be responsive to special requests and needs.
- To plan each trip with respect to weather, sea conditions and animal behavior in order to maximize your experience.

Your Responsibilities

1. Animals

We love Mother Ocean! Unfortunately, sometimes guests will demonstrate unsafe or irresponsible behavior towards animals that impedes other guests' experiences and/or may cause harm to the animals. It is your responsibility to follow the staff's directions and recommendations with respect to interaction with the animals. In the unlikely event that an individual is impeding other guests and/or causing harm to the animals, the camp manager will speak to that person and give them a formal warning. If the guest continues the same behavior, the camp manager has the authority to hold that guest off the water for the remainder of the trip.

2. Alcohol

With over 30 years of operational experience, we have learned the safest alcohol policy is to restrict guests from bringing their own alcohol to the campsite. We provide a wide selection of beer, wine and alcohol at our bar at reasonable prices. We are also happy to hold your duty-free purchases or local purchases of alcohol in bond with your luggage in Cabo San Lucas until the end of your trip. Due to regulations and your safety, drinking alcohol during whale watching is prohibited.

3. Government Rules

You must comply with all Mexican government rules and regulations. Please note that government regulations and laws may change without notice. Our contract with you is subject to "force majeure" without compensation.

4. Marijuana

Marijuana is illegal in Mexico including medicinal prescription marijuana. We have a zero tolerance policy regarding guests bringing marijuana to our camp.

5. Illegal Substances

We maintain a zero tolerance for illegal narcotics or substances. We're required under Mexican law to report any problems to the Mexican Federal Police.

6. Staff

Treating our staff with courtesy and respect.

7. Getting Sick

We sincerely hope that you stay healthy and don't get sick during your trip. Please let the crew know if you are not feeling well so that we can give you extra love and attention and also do our best to prevent anyone else in camp from getting sick.

A Note on Gratuities

I hope we have left you with the feeling that our crew has served you with warmth, good cheer, and has done their very best to ensure your safety and excellence in guest services. I am incredibly proud of our hardworking and dedicated staff.

Tipping is customary in Mexico when staff and crew go above and beyond and work very hard to provide top notch, sincere and authentic service. It is upsetting to them when no gratuity is left for a well deserving crew. That being said, leaving a gratuity is entirely discretionary. Most guests leave between US\$150 to \$250.

We greatly value your feedback about your experience with us, including anything we can improve on. I would really appreciate any comments or thoughts you might share. Simply click on **“Your Feedback”** on the boat Wi-Fi portal to share your thoughts.

On a personal note and as my thanks to you, I invite you to join our Last Minute Club, exclusively for repeat clients. Members receive incredible savings of up to 75% on last-minute adventures, offered 3 or 4 times a year. If you love awesome deals, simply click on **“Last Minute”** on the boat Wi-Fi portal to sign up.

Thank you very much for trusting us with your vacation!

Sincerely,

Captain Mike

What objects can I bring in my luggage to Mexico?

If you are visiting Mexico, you may bring the following tax-exempt items, whether new or second hand:

- Baby gear, such as strollers, car seats, cribs, walkers and their accessories.
- Two cameras or camcorders and camera gear; three cellphones or other wireless devices; one GPS; one electronic organizer; one laptop, notebook, omnibook or other portable computing device; one portable copier or printer; one CD burner and one portable overhead projector and its accessories.
- One tent and other camping articles.
- Two sets of personal sport gear; four fishing rods; three gliders with or without sails and their accessories; trophies and awards, as long as you can carry them without any difficulty.
- Two musical instruments and their accessories.
- One hand tool set, including its case, a drill, pliers, wrenches, screwdrivers, power cords, etc.
- One pair of binoculars and one telescope.
- Five laser disks, ten DVDs, thirty CDs, three software packs and five storing units for any electronic device.
- Five toys, including collectables, one videogame console and five videogames.
- One blood pressure monitor and one blood glucose monitor (or one monitor for both purposes), reagents included; drugs and other psychotropic substances, including cannabis, in which case you must present the prescription, have the medical identification number or any other contact detail of your physician and exclusively bring the amount needed for your trip.
- Valises, trunks, suitcases or any other item needed to carry your personal belongings.
- If you are over eighteen, ten packs of cigarettes, twenty-five cigars or two hundred grams of tobacco; three litres of alcoholic beverages and six litres of wine.
- Wheelchairs, walkers, canes, crutches or any other assistive device for the elderly or disabled people.
- One portable audio recorder, audio player or audio recorder and player (or two digital sound and image recorders or players instead), one portable DVD player and one set of portable speakers and its accessories.

If you enter or leave Mexico, you must declare any sum of money equaling US\$10,000 or more that you bring in cash, checks, money orders, other cashable documents or a combination of them. Failing to declare carries a fine ranging from 20% to 40% of the exceeding amount. Failing to declare sums of US\$30,000 or more is punishable by six months to six years of imprisonment and the amount being seized for the federal treasury if its lawful origin is not demonstrated. Should you not prove its lawful origin, you will be sentenced to a period of five to fifteen years of imprisonment and to one thousand to five thousand day-fines.
